

Volcanic activity of Mount Agung, Bali

(Advice for the PDS effective 15 August 2016; as at 4pm on Wednesday 20 Sept 2017, AEST)

With the volcanic activity at Mount Agung, Bali, Indonesia increasing significantly and with recent extension of the evacuation zone around the volcano by Indonesian officials, we are now issuing a cover cut-off time in anticipation of travel and other services being impacted.

For policies purchased up to 4pm (AEST) on Wednesday 20 September 2017, cover is available for the lesser of cancellation or rearrangement costs when, as a result of the volcanic activity, you have no alternative but to cancel or rearrange your upcoming trip. Refer to *Event 2.2 - Your flight, other scheduled transport or overnight tour is delayed, cancelled or rescheduled before your trip starts*.

Cover is also available for cancellation or extra trip costs when, as a result of the volcanic activity, your flight, other scheduled transport or overnight tour is delayed, rescheduled or cancelled. Refer to *Event 3.2 - Your flight, other scheduled transport or tour is delayed – and it's not the operator's fault*. Other sections of the policy wording apply; please refer to the PDS for further details.

For policies purchased after 4pm (AEST) on Wednesday 20 September 2017, cover is not available for claims arising from any volcanic activity, including any new ash cloud events, as such events are no longer unforeseen.

This restriction of cover also applies to any travel plans made or changed after 4pm (AEST) on 20 September 2017 where you are impacted by the volcanic activity.

We are monitoring the situation and will advise when this position changes. Refer to your providers following service interruptions; they can best assist with making alternative arrangements.
