

Hurricane Michael

(Advice for the PDS effective 1 November 2012; as at 10:00am on Tuesday, 9 October 2018, AEDT)

Hurricane Michael is currently strengthening in the Gulf of Mexico and is forecast to become a Category 3 system, before making landfall in the Florida Panhandle and then tracking across Georgia and the Carolinas.

When you have purchased a policy before 10:00am (AEDT) on Tuesday 9 October 2018, cover is available where you have no option but to change your travel plans because your service provider cancels or restricts services due to circumstances arising from or related to this event. Where your trip has not yet begun, cover is available for the lesser of rearrangement or cancellation costs.

Where travel has begun and you have no option but to change your travel plans, your policy covers the following benefits when they are listed under the plan you have purchased: medical expenses overseas; travel delay; cancellation costs or additional travel and/or accommodation expenses resulting directly from a provider cancelling or restricting your scheduled public transport services.

For policies purchased after 10:00am (AEDT) on Tuesday 9 October 2018, cover is not available for claims arising from or in connection with this event, as this event is now known and no longer unforeseen.

This restriction of cover also applies to any travel plans made or changed after 10:00am (AEDT) on Tuesday 9 October 2018 where you are impacted by the event.

Refer to your providers following service interruptions; they can best assist with making alternative arrangements.
